

Lucia has lived in Wareham for the past 50 years and she has greatly enjoyed being part of the local community. In the past, Lucia worked for many years in Alderney hospital as a care worker where she looked after many individuals with dementia. Lucia also worked locally in Purbeck Lodge, where she supported adults with learning disabilities. She has done lots of voluntary work for various charities over the years and enjoyed her time as an advocate for various individuals with learning disabilities, which she found very rewarding. Lucia has a real passion for the Wareham Youth Club (the Purbeck Youth & Community Foundation), which is her chosen charity for this coming Mayoral year. Wareham is a wonderful town and Lucia is extremely honoured to be chosen as Mayor for this year.
