

## Holding an outdoor exercise class

We allow outdoor exercise classes to take place on some of our open spaces, allowing exercise in the great outdoors.

Providers wishing to hold an outdoor exercise class will require a licence to operate classes.

Before a licence is granted, you need to provide the documents below:

- Public Liability Insurance (£5 million as a minimum)
- Risk Assessment
- instructor certificates
- DBS Certificate if working with under 18s
- First Aid qualification

A licence fee is applicable and is charged at £100 for a 12-month period to hold a weekly class. Therefore, if a provider wishes to hold 1 class per week, the cost would be £100 for the year, if 2 classes, £200 and so on.

To apply, please complete the forms below and return to:
